JuLiONE

# JULIONE LIMITED/EDITION

Little cap-men invaded our planet to fill our eyes with color and all that color means to us. Sent by its supreme creator, the brightest king to have existed since the beginning of time. These were created bit by bit, choosing the best pigments from each place, becoming signs of union, strength, perseverance, nobility, and love. Little by little they spread their good values to stay with us forever. Thanks for letting us play on your team. "Graffiti Writers."

This Limited Edition is not just a tribute to Julione. It is also a tribute to all children in the world with cancer. This is why the proceeds that Montana Colors earns from this Limited Edition will go entirely to improve the conditions of young people suffering from cancer, in collaboration with the Andalusian association ANDEX. We have chosen this entity for regional ties they hold to little Julione's closest environment. We hope to honor his memory through this humble gesture.
