

Product information | TECHNICAL DATA SHEET

MTN MURAL Water-Based Protective Varnish

1 l, 37.46 Oz, 1062 gr

GENERAL DESCRIPTION

Matte and brilliant water-based varnish, quick drying and with excellent properties, suitable for the protection and evenness of shine of artistic murals, both indoors and out. Thanks to its UV filter, it significantly increases the useful life of the outdoor work.

CHARACTERISTICS

- Water based.
- Acrylic.
- UV filter.
- Matte and brilliant finish.
- Cures well.
- Does not yellow.
- Ease of application with roller, paint sprayer or brush (in some cases dilution may be required for better application).
- Good adhesion to other paints and on mineral surfaces, natural stone, plaster, stucco, etc..

USES

Product specially developed to protect wall paintings, both exterior and interior. The product can be applied directly on a wide variety of surfaces ranging from brick, cement and plaster to wood, stucco, natural stone, etc.

USAGE INSTRUCTIONS

- Stir the product for 1 minute and dilute with water by 5-15% depending on the technique of application.
- Apply on a clean, dry surface. Due to the variety of materials and uses that it can be applied to, it is recommended to do a preliminary test to verify that the product meets your needs.
- For best results, it is recommended to apply in thin layers.

PHYSICAL PROPERTIES

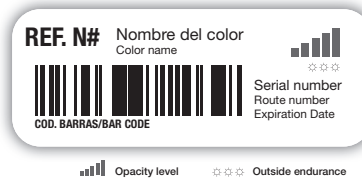

Type of liant:	Acrylic
Color:	Transparent
Brightness:	Glossy >80% (60°) Matt < 10%
Specific Weight:	1,06±0,03
Touch dry (ASTM D-1640 ISO 1517):	30-60 min
Total drying (ASTM D-1640 ISO 1517):	24 h
Thinner:	Water
Theoretical yield:	10m ² /L-15m ² /L
Product life:	5 years
Repainted:	2h
Conditions of application:	Surface temperature: 10-30°C Maximum humidity: 85% R.H.P
VOC's:	<130g/l Cat A.E
